

## Trustee Declaration of Eligibility

The Trustee Declaration of Eligibility is a model form produced by the Charity Commission. You can see a link to the relevant page of the Commission's website: [Trustee Declaration of Eligibility Form](#).

In this form the trustees confirm to the Charity Commission that they are eligible and willing to act as trustees. Only this version of the form (this version) may be used.

When a charity submits its application to the Charity Commission to be registered as a charity, the Charity Commission requires the application to be supported by this form. (Only if a charity's annual income does or will exceed the threshold for registration with the Charity Commission.)
