

ENVIRONMENTAL POLICY

The Environmental and Sustainability Policy of <<Company Name>> (“the Company”) is to ensure, so far as it is reasonable, that all operations will be carried out with a commitment to protecting and enhancing the environment.

<<Company Name>> (“the Company”) is committed to ensuring that all operations will be carried out with a commitment to protecting and enhancing the environment.

As a business that uses materials and energy, we recognise that we have an impact on the environment, and we are committed to reducing our environmental impact and continually improving our environmental performance as an integral part of our business strategy and operating procedures. We will encourage our customers, suppliers and other stakeholders to do the same.

As a business that uses materials and energy, we recognise that we have an impact on the environment, and we are committed to reducing our environmental impact and continually improving our environmental performance as an integral part of our business strategy and operating procedures. We will encourage our customers, suppliers and other stakeholders to do the same.
